

Tacoma Rifle & Revolver Club
COVID19 Special Rules
June 1, 2020 update

These rules add to and modify posted club rules, and will remain in effect until specifically rescinded, when the COVID19 public health crisis is over. Club members will be informed when these rules are no longer in effect by email to all Club members and posted on the Club website. Violation of these rules will result in the immediate suspension of membership, pending review by the Executive Committee.

1. **NO GUESTS:** No guests will be allowed in the Club. Exceptions:
 - a. Immediate family members residing with the member, and arriving in the same vehicle.
 - b. Persons attending scheduled events, competitions, trainings, or team practices.
2. **FIRING POINTS and ENTERING COVERED RANGES:**
 - a. Members will use every other firing point, to maintain social distance, as posted on each range.
 - b. All family guests are to use the same firing point as the member.
3. **CLEANING:** Disinfectant spray or cleaning solution will be provided at each range. It is recommended that members wipe down benches and stools before and after use. Members should bring their own cleaning supplies if able. You are responsible for protecting yourself.
4. **RANGE OFFICE:** The Range Office will be manned on weekends and holidays, for renewals, the sale of shooting supplies, and range camera monitoring. Signs are posted with the specific procedures outside the office.
5. **SIGN IN PROCEDURE:** Members will sign in at the specific range they are preparing to use, even on weekends and holidays. This rule will limit the number of members needing to use the Range Office on weekends.
6. **DISEASE CONTROL:** Members should act like the virus is always present.
 - a. Wash hands. Guidelines are posted in the restrooms.
 - b. Use of gloves is recommended for handling target frames, operating downrange warning light switches, and for signing in.
 - c. If you are sick (cold, flu, sore throat, bronchitis, or anything) do not come to the Club. If you do, you will be asked to leave and your membership suspended, pending Executive Committee review.
7. **PISTOL QUALIFICATION:** Reservations will be required to sign up for pistol qualification to limit the number of members in the classroom to between 5 and 10. Email the Club's CRSO to reserve a spot. The pistol qualification classes will be listed on the club calendar, when available
8. **LEAGUES, MATCHES, and TEAM PRACTICES:** These may be held, with limited shooters on each relay to increase spacing as needed.
9. **CHANGES:** These rules are subject to change, as conditions change.
